1-10-08

Dear Jane R. Summerson &
M. Lee Bishop,

RRR000715

1 [I strongly disagree with dumping nuclear waste at Yucca Mountain. We need to find a better way to dispose/convert these toxic materials.]

How would you like someone to store that same material in your back yard or in your Church?

You're going to have to be more creative than this.

Thank you,

Katrina Molnar
Flagstaff, AZ
